Carrom Competition Report

Date: 06-04-2023

Event: Carrom

Organising Institution: Karve Institute of Social Service

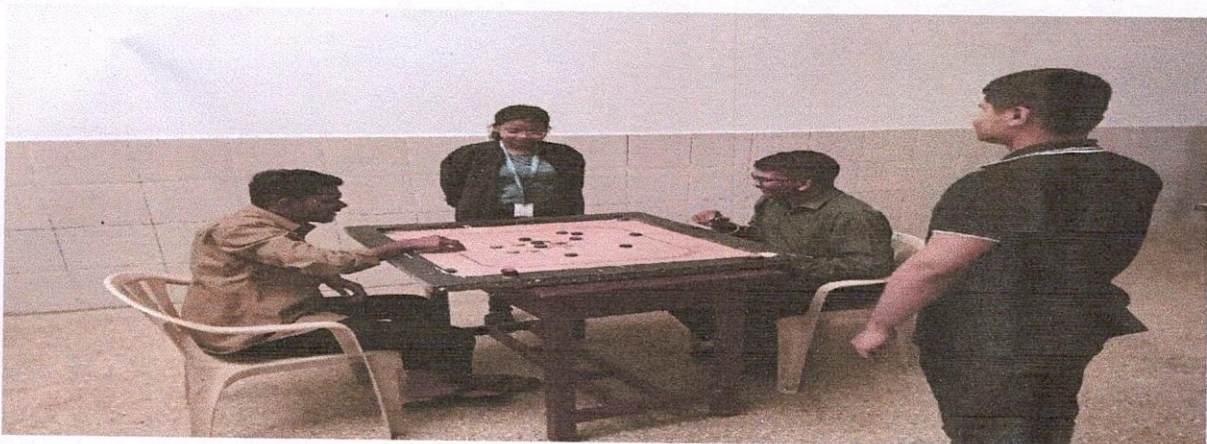

Number of Participants: 14

Objective:

The Carrom Competition aimed to promote skill development, concentration, and team spirit among participants. It provided a platform for students to showcase their talent and test their abilities in a competitive environment.

Description:

The Carrom Competition took place at the institute's sports complex, where students from various year groups participated. The participants were divided into different teams and played against each other in a series of matches. The competition was intense, with participants demonstrating a high level of skill and strategy throughout the event. The event was organized to encourage healthy competition and teamwork among students.
